FCC Form 481 – Line 510

Peace Valley hereby certifies that it is complying with applicable service quality standards and consumer protection rules.

Description of Service Quality Standards and Consumer Protection Rules Compliance

1. Peace Valley complies with the consumer protection, quality of service standard, service objective level, customer inquiry and customer dispute provisions of the state of Missouri as promulgated in Missouri Code of State Regulations 4 CSR 240 Chapters 32 and 33, whereby among other things, call termination times are tested, trouble reports are monitored and number of complaints are tracked if applicable, (even though compliance with these regulations has been waived by the Missouri Public Service Commission). Peace Valley is committed to providing the highest quality service to its customers.
2. For the protection of consumer privacy, Peace Valley complies with the requirements of 47 CFR Part 64 Subpart U, Customer Proprietary Network Information and Subpart Y, Truth in Billing Requirements for Common Carriers, and Federal Trade Commission Red Flag rules to prevent identity theft. A company manual for CPNI is in place, and employee training is conducted annually and new hires are instructed on the programs as required by their job functions.

Line 610—§54.313(a)(6)-ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Ability to Function in Emergency Situations Annual Certification

I am authorized to provide this certification on behalf of the Company. I hereby certify that the Company is capable of functioning in emergency situations. The Company has a reasonable amount of back-up power to ensure functionality without an external power source, including but not limited to battery power, generator power and back-up generator power; is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations. However, Peace Valley Telephone has no fiber ring and only one fiber cable into the switch, therefore there can be no re-routing around any damage in this portion of the cable from our switch to where it connects with CenturyLink three miles away. It is cost prohibitive to plan otherwise. We have a disaster relief manual which outlines the procedures for contacting people and agencies and who is in charge of what responsibilities on behalf of our company.

LIFELINE SERVICE

A. General Regulations

1. Lifeline service is available to qualifying low-income subscribers for single-party residence service.
2. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
3. Lifeline will not be furnished on a Foreign Exchange service.
4. Lifeline service shall not be disconnected for non-payment of toll charges.
5. Toll blocking provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll blocking for the purposes of lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.
 - a. If the customer chooses "toll blocking" the company will not charge a service deposit.
 - b. Toll blocking is offered to Lifeline subscribers at no charge.

Independent Accountant's Review Report

Board of Directors
Peace Valley Telephone Company

We have reviewed the accompanying balance sheet of Peace Valley Telephone Company as of December 31, 2013, and the related statements of income, cash flows and stockholders' equity for the year then ended. A review includes primarily of applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance the Federal Communications Commission's Uniform System of Account's accounting principles and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modification that should be made to the accompanying financial statements in order for them to be in conformity with the Uniform System of Accounts accounting principles as described in Note 1.

PEACE VALLEY TELEPHONE COMPANY

NOTES TO FINANACIAL STATEMENT

DECEMBER 31, 2013

The Peace Valley Telephone Company provides telephone and broadband internet service to the residents of Peace Valley, Missouri and surrounding areas and is governed by a five member board of directors. The Peace Valley Telephone Company was organized in May 1960, as a small telephone company in Peace Valley, Missouri. Its main office continues to operate in Peace Valley, Missouri.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Reporting Entity

All significant activities and organizations over which the Peace Valley Telephone Company exercises oversight responsibility have been included in the Company's financial statements for the year ended December 31, 2013. The following criteria regarding manifestation of oversight were considered by the Company when developing its results of financial operations.

Financial Interdependency- The Company is responsible for its debts and is entitled to surpluses. No separate entity receives a financial benefit nor imposes a financial burden on the Company.

Election of Management Authority – The elected Board of Directors is exclusively responsible for all decisions and is accountable for the decisions it makes. The day-to-day operations of the Company are under the control of its Office Manager.

Ability to Significantly Influence Operations – The Board of Directors has the implied authority to significantly influence operations. This authority includes, but is not limited to, adoption of the budget, controls over assets, including facilities and properties, short term borrowing, signing contracts, and developing the services to be provided.

Accounting of Fiscal Matters – The responsibility and accountability over all funds is vested in the Board of Directors

B. Basis of Accounting

The Company uses the revised Uniform System of Accounts (USOA) financial accounting system which reports the results of operations and financial events in a manner which enables both the Board of Directors and regulators to assess the results of operations within a specified accounting period. The USOA also provides the finance community and others with financial performance results.

The financial accounts of the Company are used to record, in monetary terms, the basic transactions which occur. Certain natural groupings of these transactions are called transaction cycles, business processes, functions or activities. The natural groupings represent what happens within the Company on a consistent and continuing basis. The repetitive nature of the natural groupings, over long periods of time, lends an element of stability to the financial accounting structure.

The Company maintains its accounting system for revenues and expense purposes under a self-balancing set of accounts to record the financial position and results of operations of a specific activity. The Company maintains the following fund types:

Regulated Accounts – Regulated accounts shall be interpreted to include the revenues and expenses associated with those telecommunications products and services to which the tariff filing requirements contained in Title II of the Communications Act of 1934, as amended, are applied, except as may be otherwise provided by the Federal Communications Commission.

Non-regulated Accounts – Preemptively deregulated activities and activities never subject to regulation will be classified for accounting purposes as non-regulated.

C. Measurement Focus

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

The Company utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in owner’s equity, financial position, and cash flows. All assets and liabilities associated with their activities are reported.

In the financial statements, the Company utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic assets are used without regard to when cash is received or disbursed.

2. ACCOUNTS RECEIVABLE:

Under the Uniform System of Accounts (USOA) basis of accounting, the Company recognizes accounts receivable at the time revenues are recognized. Bad debt expense is recognized at the time the accounts receivable becomes uncollectible. Bad debt is charged to current revenues as uncollectible revenue. As of December 31, 2013, the Company maintained accounts receivable totaling [REDACTED]

3. INVESTMENTS:

The Company invests in short term investments as cash flow allows and maintains long term investments in the form of securities. As of December 31, 2013, short-term investments totaled [REDACTED] and long-term investments were [REDACTED]

4. PROPERTY, PLANT AND EQUIPMENT:

Depreciation of fixed assets used by the Company is charged as an expense against operations. The depreciation for assets is based on the Straight-Line Method over the estimated useful life of the assets as follows:

<u>Asset</u>	<u>Useful Life</u>
Buildings and Land	[REDACTED]
Motor Vehicles	[REDACTED]
Office Equipment	[REDACTED]
Digital Equipment	[REDACTED]
Circuit Equipment	[REDACTED]

5. OTHER ASSETS:

Other assets consist of miscellaneous investments and prepaid expenses owned by the Company as of December 31, 2013.

6. LONG AND SHORT-TERM DEBT:

At December 31, 2013, the Company did not maintain outstanding long-term debt. Short-term debt consisted of various unpaid tax accounts.

7. RISK MANAGEMENT:

The Company is exposed to various risks of loss related to limited torts, theft or damage to and destruction of assets, errors and omissions and natural disasters for which the Company carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage. The Company retains an attorney for litigation purposes and no material outstanding contingencies existed as of December 31, 2013.

8. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through June 20, 2014 the date that the financial statements were issued or available to be used.
